Katherine Hume-Pike
Marlborough Lines Limited
PO Box 144
BLENHEIM

Dear Ms Hume-Pike

On 22 December 2008, Marlborough Lines Limited sought an exemption under regulation 29A from the Electricity (Low Fixed Charge Tariff Option for Domestic Consumers) Regulations 2004 ("the Regulations"). An exemption was granted on 25 November 2009. However, an error was made in the exemption notice, which specified that an exemption was granted under regulation 29A, rather than under regulation 26 (on the grounds that the criteria in regulation 29A were satisfied).

In accordance with regulation 33, the exemption granted to Marlborough Lines Limited on 25 November 2009 under regulation 29A is therefore revoked, and under regulation 26 of the Regulations I grant you an exemption from the application of all provisions of the Regulations in respect of the following:

- Homes on 3-phase supply;
- Homes with greater than 15kVA supply; and
- Homes on 3-phase supply and with greater than 15kVA supply.

Please note that you are required under regulation 34 to publish the formal Notice of Exemption on your website at all reasonable times.

Yours sincerely

Hon Gerry Brownlee
Minister of Energy and Resources
